Merkaba Rabbi's And The Reptilian God of Judaism

In Kaballah the highest and most holy teachings is the Merkaba which is based on as the Rabbi's state how to ascend in their astral body to the physical realm of "god". This is dealing with the highest levels of occult teachings in Judaism.

The Jews in their secret teachings of the Oral Torah the Kabbalah. State and give instructions for astral projection in their astral bodies. However Rabbi's have mentioned these are not magic realms but other physical worlds. The physical world in the teachings of Rabbi Ishamel he goes to is the world of "god" and who as the Rabbi's literally state are the extra terrestrial race on this world of their "god" which they literally call their Teli which means "Masters"... The Reptilians. Whom they state are in charge of things. The Seraphim. They literally call these being physical Reptilians. However this is also a single "god" as the Rabbi's state they are a hive mind. Remember Rabbi Laitman stated the Jews physically came from another world of their "god" to conqueror this world. Well if you don't have a space ship anymore, astral projection is the next best thing for the Rabbi's to return to this world and receive orders from "god".

The Jewish Rabbi's state the teachings of ascension are how the individual Rabbi is to pass thought the gates which relate to the realm's of the Kaballastic world tree. Now in Kaballah each astral gate they are to project their soul thought to reach the physical world of "god" has specific passwords in Hebrew that only they know and must use to go beyond they mention angels guard these. These are thought forms they have created. This is due to as the Rabbi's state their is astral restriction around this world put here by their "god". This is the Jewish Leviathan the prison grid they have created around this world with the Torah bindings. The Rabbi's state the skin of Leviathan is like a serpent and is light which is vibration and has the mystical writings in Hebrew upon it. In the ancient world the serpent is the symbol of vibration also of the spoken word and the element of prana which is the astral aspect of existance. This is showing this is a vibrational field in the astral they have created with the Torah.

One of these Rabbi's openly came out and stated "god" as the Torah states cursed humans to not live more then 120 years this means "god" genetically modified humans to not live more then 120 years and to thus die. If one studies the new genetic knowledge of aging its known now there is gene in each cell which is only switched on in the reproductive cells. This gene when switched on in all the cells produces an enzyme telomerase that causes the cell generation to be perfected and not lose any telomeres. Which means a person would not grow old or die. However the switching off of this cell is what causes the cell reproduction to become flawed and this flaw causes physical aging into old age and death when they lose too much of the Telomere they die. The Rabbi's have stated as in the Torah their "god" cursed humanity to die and suffer.

However this might not be a genetic modification but a consequence of as the Torah shows this "god" cursed the soul of the Gentiles and removed spiritual knowledge which holds the Gentile

in state entropy. As a study done on elderly people who did Kundalini Yoga showed it caused in some the activation of this enzyme telomerase and stated to roll back the aging process and heal them physical. They were using the SATANAMA mantra as well. The name of the enemy of the Hebrew "god".

Also note the Jewish Rabbi's teach reincarnation but that Jewish souls reincarnate into Jewish bodies as they have a different soul then the Goyim. They even talk about the problem of the mixed multitude of Moses the souls of a mixture of Goyim and Jew that cause all the problems in their race they call these the evil half of the Jewish soul group. They are lazy in obeying the Torah and hold back the progression of the Jewish race's victory. This might be conjecture on the Jews part. But shows they do acknowledge they are a soul unto their own race and that mixing with the Goyim is disastrous to them. Only the most racially pure Jews the Kohen can be the highest Priest and govern the Jewish race. The Jews state they have a specific gene which makes them the Chosen and the only humanity and they got this from their "god" this is the called the Cohen gene and it has reptilian DNA in it. The Jews are a reptilian hybrid race and their alien soul is linked to the hive mind or collective soul consciousness of the reptilians.
